

## **SALES CENTERS**

Karni Aerospace (KAI) has a unique advantage in the high-performance single market. Three principal KAI Team Representative covers sales for the whole world. Our team is the most knowledgeable, most experienced, and highest skilled selling professionals in the general aviation industry. We look forward to serving your needs through the care and attention our team provide. Please call the sales team.

## **FINANCING**

If you're ready to learn how to own a legendary KAI's aircraft, we can show you the way. We'll be happy to guide you through the process of financing your new Aircraft.

## **WARRANTY**

We build the fastest, safest, most innovative planes on the market and we back them up with a spinner to tail warranty that covers every part we make.

## **INSURANCE**

The cost of insuring a KAI can be much less than other high-performance, single-engine aircraft. Why?

Insurers know that our Aircrafts are better, and they know the safety of our Aircrafts from their unique engineering and safety standards.

Talk to your aircraft insurance carrier or aviation underwriter. They'll tell you it can cost you less to fly the best.
